

CLSSettlement

Third-party

Mitigate settlement risk for your FX trades while benefiting from operational efficiencies best-in-class netting and liquidity management. Our world-class payment-versus-payment settlement service delivers huge efficiencies and savings for our clients.

Our leading payment-versus-payment (PvP) FX settlement service is available to banks, funds, non-bank financials and multinational corporations through our settlement members which includes over 75 of the world's most important financial institutions.

Reduce risk, improve efficiency and increase liquidity

Banks, funds, non-bank financial institutions and multinational corporations can gain access to CLSSettlement to settle FX transactions through a CLS settlement member offering CLS-related services to their clients (third-party service providers).

How we mitigate settlement risk

We mitigate settlement risk by simultaneously settling the payments on both sides of an FX trade on a real-time basis. We do this using our unique PvP settlement service which is linked to the real-time gross settlement (RTGS) systems of the 18 currencies eligible for CLSSettlement. The settlement of these payment instructions is final and irrevocable.

The third-party service providers will connect banks, funds, non-bank financial institutions and multinational corporations to CLS, enabling them to submit trades. Third-party service providers are also responsible for handling all of the payment instructions and funding relating to these FX trades.

75+
settlement members

38,000+
participants around the world use our services indirectly through our settlement members

Systemically important financial market infrastructure critical to the orderly functioning of the global FX market

8 USD trillion
average settled each day

18
of the most actively traded currencies globally¹

¹ Australian dollar, Canadian dollar, Danish krone, euro, Hong Kong dollar, Hungarian forint, Israeli shekel, Japanese yen, Korean won, Mexican peso, New Zealand dollar, Norwegian krone, Singapore dollar, South African rand, Swedish krona, Swiss franc, UK pound sterling and US dollar.

Awards
